

Do you love Streams? Bugs? Fishing? Clean Water?

If you said yes to any of these, then join us for a stream bug field project. We will be netting, sorting and identifying benthic macroinvertebrates to collect habitat data on the health of our streams.

Date, Time and Location: Saturday, October 3rd, 9am-12pm. We will meet at the covered bridge at Devil's Hopyard State Park. We will be car-pooling to various locations from there.

What to Wear: old clothes, boots if you have them (we will bring waders), jacket, hat

Who Can Participate: This program is intended for adults and children, ages ten and up. Minors must be accompanied by an adult.

Rain: Program will be canceled in the event of rain. We will email you.

To Register: Please call or email to register. Pat Young at pyoung@eightmileriver.org or (860) 345-8700. We will need an email address for any weather issues.
